I highly recommend this roofing company. I have had roofs on 3 different houses replaced with composite shingles in the past 5 years. Two of these roofs need extensive structural repairs. Dream Team Roofing did it all and did a fantastic job. Owen and his crew's carpentry and roofing work is first class. The last roof they did for me they even primed the exposed face boards and plywood overhangs, without my asking. This is not the cheapest roofing company, but their work is top quality and worth the differential.

Excellent service. Owen came out diagnosed my leak problem, repaired it and then called me and explained the repair. I used to be a roofing contractor and this is the kind of service I expect. I highly recommend Dream Team Roofing Roofing.

I couldn't be happier with my experience with Dream Team Roofing. All of the people I met were very nice, extremely polite, and seemed to have the priority of providing excellent customer service. At the end of each day they did an amazingly thorough cleanup of all debris. For any roofing needs I would call them again in a heartbeat. The job was interrupted by bad weather. There were extremely high winds and heavy rain one night. Before dawn I was awakened by the sound of water dripping inside the house, so at 8:00am I called Owen to explain the situation. He told me that people would be there right away to fix the problem and that he would call me back. He did, and they were there within another 10 or 15 minutes. It was still an extremely stormy day and too windy to be working on a roof, but they went up (always with appropriate safety precautions) and thoroughly secured the roof and solved the problem. I was totally impressed and appreciative of their immediate response. Very professional, terrific customer service and excellent work throughout. Thank you to everyone who worked on my project!

While I ended up selling my house before using Dream Team Roofing, I do have to commend their professionalism and promptness in getting me an estimate. My sales rep Owen was knowledgeable and on time - my hope is the new owners choose them to get the project completed. Would use them again in a heartbeat for any roofing needs.

If you need roof replacement, you should definitely use Dream Team Roofing. Everybody I spoke with was very professional and really knowledgeable. My project leader was awesome! He told me before they guys even got started that he would make sure the job was done right. The crew is as very fast and friendly. Owen had his guys together. It will be a while before I need a new roof but, I bet you know who's replacing it. Thanks to the whole Dream Team Roofing team.

Having a new roof installed was not something we were looking forward to. After our first quote, we were really dreading the task ahead of us. Then I found Dream Team Roofing and saw all the great reviews. After that I called Owen for a quote. Owen came by the following morning and we we knew right away that we had found the right company for the job. We've worked with many contractors through the years for various projects and Owen was head and shoulders above the rest. We got a great price on a high quality product installed by professionals. If you're like me and think the reviews seemed a little too good to be true, rest assured, they are right on target!

They installed a new rooftop on my house. The crew was very nice and professional. Completed it in a timely manner. I specifically noticed they did an excellent job of cleaning up debris from the old roof demolish. They explained in detail and answered any questions I had and was able to get me better roof material for the money I wanted to spend compared with other company's consultations. I was very happy with the whole process from Maryland Roofing. Thank you! We've had a few major storms in a row since the installation and no leaks.

Owen was one of the most professional contractors we have ever worked with. This was an extremely challenging project due to the need to re-engineer, re-build and re-roof a historic structure without compromising the integrity of the building. I did not expect the aerial photos and was extremely impressed with the quality provided by Dream Team Roofing. The job did not exceed the budget and did not require any change orders Thanks Owen

Great company, honest and on time to their appointment. Owen came over to provide an assessment and the potential need to replace my roof. He did a proper job, walked the roof, and explained everything clearly. He provided honest feedback, and surprisingly that my roof was in fact still in good shape. Good straight honest people, no up selling and nothing extra. Although I had no work for them this time, they'll certainly be the ones I go to for any roof repair or replacement in the future.

By far the best roofing business I've ever worked with! They are knowledgeable, dependable, and offer excellent service at a fair price. They communicate and arrive on time, then follow up to complete your happiness when the service is completed. Do not hesitate to contact them if you require roofing services; they are superb. I strongly advise you to do so! Thank you Owen for the fantastic work that the roofing crew did.
